OBJECTIVE

Highly motivated and detail-oriented Computer Science student with a strong foundation in software development and a passion for learning new technologies. Proficient in front-end development, Python with hands-on experience in building web applications and programming. Eager to contribute technical skills and enthusiasm to a dynamic team and grow in the field of software engineering.

SKILLS

- Front-End development
- Python

EXPERIENCE

Internship- Front End Development

Thaniya Technologies | Mangalore

August 2023- September 2023

- Developed and maintained user interfaces for web applications.
- Collaborated with the design team to implement responsive and visually appealing web pages.
- Assisted in the integration of front-end components with back-end services and APIs.

Internship- Data Science

Accolade Tech Solutions | Mangalore

May 2024- June 2024

- Developed predictive models and performed data analysis using Python.
- Implemented project and trained the model using datasets

PROJECT IMPLEMENTED

Online Food Order System - Developed an online food ordering system that streamlines the process of ordering food from various restaurants. The system allows users to browse menus, place orders, and make payments online.

GitHub : <https://github.com/kiran-naik1/Online-Food-Order>

Face-Mask Detection system - Implemented a face mask detection system using Python, OpenCV, and deep learning techniques to identify individuals wearing masks in real-time video streams.

GitHub : <https://github.com/kiran-naik1/Face-Mask-Detection-System>

EDUCATION

Srinivas University Institute of Engineering and Technology, Mukka

B.Tech in Computer Science and Engineering

2021-2025
